

*1864.—Officers' Uniform—Orders, Decorations, and Medals.

(N.L. 7304.—3.6.1921.)

It has been decided, with the King's approval, that when Decorations, Orders and Medals are worn, the ribbons are to be of the following lengths:—

Full Size	1½ in.
Miniatures	1¼ in.

Ribbons of these lengths carry four clasps.

If more than four clasps are worn the length of the ribbon is to be regulated by there being half an inch of clear ribbon between the top edge of the ribbon and the highest clasp in the case of full-sized medals, and three-eighths of an inch in the case of Miniatures, the remaining ribbons being so regulated that the centres of the decorations are in line with the centre of the medal having the largest number of clasps.

2. Officers are to wear their medals loose unless they have such a number as to necessitate overlapping, in which case they may at the option of the wearer be worn in the Court method. Miniatures may be worn either loose or in the Court method. In the Court method the ribbons are mounted on a frame of which the lower edge is in line with the centre of the decorations and medals. Commencing with the lower edge of the frame each ribbon runs over the upper edge and down to the ring or clasp of the decoration or medal. The decorations and medals are stitched down to the ribbons.

3. When ribbons are required to be sewn on the uniform their length is to be the same as at present, but when their number requires them to be arranged in two or more rows the interval intervening between the rows is to be one quarter of an inch only.

Amendments to the King's Regulations will be published shortly.
