

*226.—Individual Cap Ribbons.

Submarines.

(V. 2935/23.—25.1.1924.)

In future the cap ribbons worn by crews of submarines will bear the designation of their respective submarines, instead of the general designation—“H.M. Submarines.”

2. Demands for the quantities required for first issue—which will be gratuitous as provided in Article 1738, King's Regulations and Admiralty Instructions—should be forwarded to the Victualling Yards by the Accountant Officers of Depot Ships, in order that the necessary orders may be placed with contractors for early supply.

3. It will still be necessary to retain a small proportion of the present ribbons for wearing by spare crews.
