

(U)630.—Badges—Royal Naval Supply and Transport Service

(N/NS 10869/65—6 May 1966)

1. To illustrate the wider loyalties of the four Departments (Director of Stores (Naval), Director of Armament Supply (Naval), Director of Victualling and Director of Fuel, Movements and Transport (Naval)), forming the RN Supply and Transport Service, a distinctive badge has been approved for the new organisation and will replace the separate badges used hitherto.
2. The approved design of the badge is shown below.

3. The introduction of the badge does not itself convey sanction for incurring expenditure which would otherwise be subject to the normal rules governing such expenditure.
