

155 INTRODUCTION OF SIGNALLER/DRIVERS

1. In future a number of signallers and radio technicians will be trained as driver/operators to fill selected billets in 3rd Commando Brigade and the United Kingdom. They will be taught to drive $\frac{1}{2}$ ton vehicles only.
2. The scheme is being introduced now. Initially, courses will be held at TTWRM and in 3rd Commando Brigade. Thereafter training will be carried out at TTWRM. Courses will last five weeks and will include instruction on maintenance.
3. Ranks who qualify will be known as Signaller/Drivers or RTL/Drivers. They will be identified on official documents by the suffix (D), e.g., Marine(S [D]).
4. Driver complements will be amended in due course.
